Effective April 1, 2024

## **Exhibitor-Supplied Antlers for Shed Dog**

Effective **April 1, 2024**, exhibitors may supply their own antler for use in **Shed Dog classes** at regular NASDA events.

Please review the following important guidelines:

- **The antler must meet NASDA's standards** for size, material, and safety.
- **The exhibitor is responsible for scenting their own antler.**
- **Judges retain the authority to refuse a shed** if they believe it has been adulterated with other odors to gain competitive advantage or if it does not meet NASDA's standard for acceptable shed antlers.
- **Exhibitor-provided antlers are not permitted at Regional events, the Showcase, or the Invitational Championship.** Official NASDA-supplied sheds will be used at these competitions.
